POLICY

1. School profile

At Poowong Consolidated School we are a learning community of students, teachers, education support staff and the broader community. We show respect to each other and celebrate diversity. Our students are supported and encouraged to become independent, self-motivated learners that are developing a life-long love of learning.

Our students are encouraged to develop the skills to become literate, numerate and knowledgeable in a respectful non-threatening learning environment; in which they respect each other, their teachers, parents and community. We seek to develop a love of learning in a safe, non-judgmental environment. Every student is valued and their abilities and needs are considered and supported. We provide sequential and well structured learning opportunities, to develop core skills in all learning areas. Student curiosity is encouraged and deeper thinking and understanding is fostered.

In our school, we strive to communicate clear goals and expectations, which enable students to take responsibility for their own learning progress. Lessons are student centred, allowing for all students to participate and gain first-hand experience. The teachers and the education support staff are aware of the needs of their individual students and design lessons accordingly. We use assessment and feedback to encourage and allow the students to move forward in their learning.

2. School values, philosophy and vision

Poowong Consolidated School believes that every child, irrespective of disability, race or family background, can progress along the learning continuum in an environment of dignity and respect. It is the role of the school and its community to build on a child's strengths and talents to ensure that each child progresses at the highest rate. The school aims to develop students who are able to contribute to, and participate in all aspects of community life in a positive way, using a restorative approach to resolving issues that arise. Students will develop a wide range of skills to enable them to be successful citizens of the 21st Century.

The schools mission/vision is to create a growth culture, where every learner is reflective and supported in a learning community that provides a challenging and secure environment responsive to individual learning needs. We believe that effective learning occurs when outstanding and innovative teachers provide a variety of tasks that actively engage students who are encouraged to take responsibility for their own learning. The expectation is that students will be successful and enthusiastic learners capable of building positive relationships.

Poowong Consolidated School has developed an Instructional Model that supports our philosophy of Gradual Release of Responsibility and High Impact Teaching Strategies.

Poowong Consolidated School values are based on learning and growing together following our "I GROW" model

- Integrity
- Growth Mindset
